Mayor Weiers
Vice Mayor Hugh
Glendale City Council
City Manager Kevin Phelps
c/o City of Glendale
5850 W. Glendale Avenue
Glendale, AZ 85301

Dear Mayor Weiers, Vice Mayor Hugh, City Councilors and City Manager Kevin Phelps:

The Glendale Chamber of Commerce, representing nearly 1,200 businesses, supports the proposed development of StoneHaven presented by John F. Long Properties and Pulte Homes. This project will further build on the economic momentum surrounding Westgate, Glendale and the West Valley.

While Glendale has made great strides in the pursuit of economic development, the opportunity to partner with John F. Long and Pulte; the number one home builder in the state, not only compliments existing strategies but can add greater economic stability to the proposed site and surrounding area.

We believe this project adds to the vibrancy of Glendale by offering both existing and potential new members of the community yet another choice in where to live, work and play. An investment of this magnitude is a commitment by all parties involved, we strongly encourage you to work in partnership to produce an outcome benefitting our community. The potential of this project seems overwhelmingly positive!

Sincerely,

Robert W. Heidt, Jr.
President & CEO
